Presents
Provider Implementation Training
for LOCUS and CALOCUS

July 16, 2012
Cape Fear Community College
McKeithan Center – Room NA-112
4500 Blue Clay Road
Castle Hayne, NC

July 31, 2012
The Royal Conference Center
3801 Hillsborough St.
Raleigh, NC 27607

This training program prepares providers to use the required level of care instruments - the LOCUS for adults and the CALOCUS for children and adolescents. The training includes an overview of the instruments, instructions on how to complete them, and case study practice to establish inter-rater reliability in using the instruments to determine an appropriate level of care.

For more information contact Laura Ring at (919) 327-1520 or email laura@nc-council.org.

Who Should Attend?
The training is relevant for provider staff involved in care coordination. This training is also appropriate for providers who will be using or interpreting the tool for Utilization Management Purposes.

What Will I Learn?
During the first session of the day training participants learn about the LOCUS and how to appropriately use it to determine level of care for persons ages 18 and up. Participants also get “hands on” case study application of the tool to establish inter-rater reliability. In the afternoon participants will learn about the CALOCUS and how to appropriately use it for children aged 6-17. Participants also get “hands on” case study application of the tool to establish inter-rater reliability using the CALOCUS.

Faculty
Elizabeth Burgess, Training Coordinator for Western Highlands
Elizabeth is a highly skilled trainer and LCSW. She has been trained in the LOCUS and CALOCUS by Deerfield Behavioral Health Network and completed the Deerfield train-the-trainer program. She has trained numerous professionals within Western Highlands MCO and its provider system. She provides an added benefit of having real life experience using these instruments in NC’s MCO environment.
Provider Implementation Training on the LOCUS and CALOCUS
Registration Form
